

## SPERIAN TUFF-GLO™ CUT-RESISTANT GLOVES

## PRODUCT INFORMATION

Sizes Available	Part #	Overedge Colors	UPC
Small	PF541HVZ-S	Red	801462009002
Medium	PF541HVZ-M	Blue	801462008975
Large	PF541HVZ-L	Yellow	801462008982
XLarge	PF541HVZ-XL	White	801462008999

Shell Material:	HPPE(High Performance Polyethylene), Synthetic fiber wrap	Material Color:	Flourescent Yellow
Shell Weight:	13-cut, lightweight	Coating Color:	Orange
Coating Material:	Polyurethane	Case Qty:	144 pair
Coating Pattern:	Smooth	Country of Origin:	China

## PRODUCT FEATURES

- HPPE (High Performance Polyethylene) fiber has superior cut resistance
- Lightweight HPPE liner improves safety without sacrificing dexterity
- Hi-Viz yellow shell and bright orange coating helps to keep workers aware of hands
- Formed finger design increases wearer comfort and tactile sensitivity

## TESTING INFORMATION

	Test Method		Level	Test Result
Abrasion Resistance:	ASTM 3389-05		Level 6	≥ 20,000 cycles
	EN388		Level 4	≥ 8,000 cycles
Cut Resistance:	ASTM F1790-97		Level 2	≥ 500 grams
	EN388		not tested	
Tear Resistance:	EN388		not tested	
Puncture Resistance:	EN388		not tested	

## LAUNDERING INSTRUCTIONS

Gloves made with HPPE fibers do not require special laundering. Gloves can be machine laundered - commercial detergents (up to pH 15), water temperatures up to 120° F (49° C). Drying temperatures up to 180° F are suggested, sanitized and even bleached. HPPE is resistant to shrinkage and launders well. Added fibers such as stainless steel may be affected by higher heat, causing brittleness and breakage.

## WARNINGS

- \* Gloves are cut-resistant, not cut proof. Extreme caution should be used around moving machinery.
- \*\* Laundering gloves that have been in contact with toxic or corrosive chemicals may result in a chemical reaction, including fumes that could cause personal injury, serious illness or death.

*This information is provided as a guideline for product use. The end user is solely responsible for determining the suitability of a particular glove for a specific application and the length of time in which such glove may be safely used.*
