FOR CRITICAL INDUSTRIES**

MODULAR INDUSTRIAL STORAGE

CUSTOMIZE. ORGANIZE. OPTIMIZE.

Tough Storage. Flexible Solutions.

The Williams® Modular Industrial Storage Program is designed, engineered and built specifically for industrial settings, processes, and systems. Heavy-duty steel construction, innovative safety and security features, and workplace-specific configurations provide for customizable, scalable storage that meets even the most complex needs.

CHOOSE FROM SIX CABINET HEIGHTS

The Williams® Modular Industrial Storage Program features a large selection of cabinet housings to meet any demand. Choose from six heights to accommodate your company's personnel and space.

CHOOSE FROM FIVE CABINET WIDTHS

Cabinets are available in five different widths. Choose widths to accommodate your specific storage needs. All cabinets are 27-3/4" deep.

NARROW-WIDE 23" WIDE CABINETS

Narrow-Wide (NW) cabinets are available in all cabinet heights. Recommended where space is limited, these cabinets make excellent work station pedestals or mobile cabinets. NW drawers will accommodate items up to 18".

STANDARD-WIDE 29-1/4" WIDE CABINETS

Standard-Wide (SW) cabinets are available in all cabinet heights. Recommended for most applications and provides the fastest pick-rates. SW drawers will accommodate items up to 24-1/2".

CHOOSE FROM THREE COLORS

Model 1360

STANDARD-WIDE PLUS 32-1/2" WIDE CABINETS

Standard-Wide PLUS (SWP) cabinets are available in all cabinet heights. Recommended for most applications and provides the fastest pick-rates. SWP drawers will accommodate items up to 28".

EXTRA-WIDE PLUS 46" WIDE CABINETS

Extra-Wide PLUS (EWP) cabinets are available in all cabinet heights. Recommended where parts or tools exceed 39". EWP drawers will accommodate items up to 42".

DOUBLE-WIDE 58-1/4" WIDE CABINETS

Double-Wide (DW) cabinets are available in all cabinet heights. Recommended for storage of extra-long items. DW drawers will accommodate items up to 53 -1/2" wide.

EVERY CABINET FEATURES SUPERIOR DESIGN AND CONSTRUCTION—INSIDE AND OUT

Fully MIG Welded and surface ground on all eight corners, creating a cabinet the looks as good as it performs

Heavy duty 11ga plug-in guide rail allows for quick adjustment to accept different drawer sizes and combinations

Heavy duty 11ga carriage with six ball bearing rollers and four steel rollers ensures smooth operation of every drawer, even when loaded to the 400 lb. capacity

Full height sidewalls provide maximum cubic storage capacity, while reducing item spillover into adjacent compartments

Full Width 45 degree angle aluminum handles for easy identification of contents

Standard full length forklift base provides a safe platform for installing cabinets or for moving them when reconfiguring workspace. The removable kick panel combines enhanced safety with a clean look. (11ga fully welded optional pallet truck base available)

22%
more
storage

SWP PLUS SERIES – 32-1/2" WIDE

The innovative SWP (standard wide plus) cabinet is an exclusive, providing up to 22% more storage than our SW (standard wide) cabinets or competitors' products.

Supports
up to
400 lbs.
per drawer

100% VIEW DRAWER EXTENSION

Full visibility and access to drawer contents, regardless of size, is made possible by the double roller tracks that allow for 100% drawer extension. Six high-quality steel ball bearings and four roller bearings assure smooth operation and will support loads of up to 400 pounds per drawer.

HANDLES AND DRAWERS BUILT TO INCREASE SAFETY AND CONVENIENCE

FULL-WIDTH ALUMINUM HANDLES WITH SAFETY OVERLAP AND 45 DEGREE ANGLE

The innovative handle design overlaps the drawer, helping to prevent injury by eliminating sharp edges and softening pinch points. The angled design allows the outside drawer handle label to be aligned with the interior compartments and storage rows for better inventory control.

RIVETED DRAWER FRONTS AND HANDLES

Stainless steel rivets provide 650 lbs. of shear strength per rivet for outstanding durability. A minimum of 4 rivets are used to fasten the drawer front to the body and the drawer pull to the drawer front, creating a stronger bond than screws can.

HUMAN-ENGINEERED DRAWERS – SQUARE DESIGN

The 24-1/2" square SW drawer was ergonomically designed to accommodate the reach of the average person from either the front or the side, increasing picking productivity. Picking stock or retrieving parts from the side keeps aisles clear for increased efficiency and productivity.

GRAY INTERIOR DRAWERS

The neutral gray interior lets you see the contents more easily since it refracts the most light to the user.

17 UNIQUE DRAWER SIZES/DEPTHS

Drawer Heights in 20mm Increments

	Drawer Model Point Value	Drawer Front Height	Drawer Inside Usable Height	Drawer Side Wall Height
1	80	3"	2-1/8"	2"

Drawer Capacity: 400-lbs UDL @ 100% extension

DRAWER ACCESSORIES MAXIMIZE STORAGE SPACE

GROOVED PLASTIC TRAYS AND SMALL PARTS CONTAINERS

Drawers are easily configured to perfectly match a wide variety of storage needs, from small parts such as fasteners and connectors, to delicate measuring equipment, cutting tools and electronic parts. Small parts containers and grooved plastic trays create custom layouts and drawer interiors to meet your specific needs.

MAXIMUM
storage in
MINIMUM
space!

DRAWER LINERS

Anti-slip drawer liners provide cushioning and abrasion protection for the drawer.

GROOVED PLASTIC TRAYS

Available in 3 sizes and designed to protect side-sensitive tooling.

PLASTIC BINS - A SERIES

Modular design made of tough plastic with a usable height of 2". Choose from two sizes.

PLASTIC BINS - N SERIES

Modular design made of tough plastic with a usable height of 2".

LABEL HOLDERS

Transparent label holders clip onto plastic bins, grooved trays, and steel dividers.

CUSTOM DRAWER LAYOUTS FOR BETTER ORGANIZATION

SLOTTED PARTITIONS

Powder-coated steel partitions subdivide drawers from front-to-back.

Model Number	80-P	100-P	120-P	180-P	240-P	300-P
Height (inches)	2"	3"	3-7/8"	6"	8-1/2"	10-7/8"
Use with drawer no.	80	10	120, 140, 160	180, 200	240	300 and up

STEEL DIVIDERS

Powder-coated steel dividers further separate drawers when used with slotted partitions. Dividers slide into slots of partitions or drawer sidewalls to form compartments.

Usable width of compartment (inches)	1-7/8"	2-5/8"	3-1/2"	4-1/4"	5-1/8"	5-7/8"	7-3/8"	9-1/8"	12-1/4"
Number of units (spaces)	3U	4U	5U	6U	7U	8U	10U	12U	16U

STANDARD DRAWER LAYOUTS

Most popular drawer layouts shown. Custom drawer layouts available.

- 3 divider plates
12U

Layout No. 9
(36 Compartments)
- 5 slotted partitions
- 20 divider plates
5U
- 10 divider plates
6U

OPTIONS FOR EVEN GREATER SECURITY AND SAFETY

HINGED LOCK BAR
Features a padlock hasp for additional protection and security of drawers and contents.

LOCK IN/LOCK OUT LATCH
Locks individual drawers into position, either closed or fully extended. Recommended for truck and van storage applications.

MORE WAYS TO CUSTOMIZE, ORGANIZE, OPTIMIZE MODULAR INDUSTRIAL STORAGE

SHELVING UNITS

Organize bulky items by adding shelving storage to your cabinets. Their rugged, all-welded construction assures smooth operation, durability and years of dependable heavy-duty service. And because they're adjustable, you can rearrange the shelves to flexibly adapt to your storage needs for years to come.

18-gauge shelf notched to fit snugly around upright posts, preventing small items from falling through any gaps to the shelf below.

Powder-coat epoxy paint baked on to provide a high gloss finish.

Shelf reinforcement adds an additional 400 lbs. of load capacity.

Patented 11-gauge shelf support frames the system and supports heavy loads.

Clear Vue doors made from plexiglass keep your equipment in sight and secure. (optional accessory)

CHOOSE FROM VARIOUS SIZES

Shelving units are available in different widths, depths and heights to meet your specific storage needs.

Widths: Narrow-Wide (NW) – 23-1/4"
Standard-Wide (SW) – 29-1/4"
Standard-Wide Plus (SWP) – 32-1/2"

Depths: Shallow-Depth (SD) – 23-1/2"
Standard-Depth (S) – 27-3/4"

Heights: 78" and 84"

Shown with
optional drawers
and Clear Vue doors

CHOOSE OPTIONS AND ACCESSORIES

Select between shelves and drawers, or a combination of the two, for the interior. You can also further customize the shelving unit with solid doors, Clear Vue doors, a fork lift base and extra shelves. Available in standard colors of Dark Blue (DB), Red (RD), and Black (BK).

WORKSTATIONS

Every workplace needs a place to work. We deliver highly customizable workstations to fit your specific needs. They can be stationary or mobile, can have shelves, cabinets, or risers, and can be topped with a variety of work surfaces. You can even add footrests. With this much customization, you'll be able to get the job done...your way.

Available in a range of lengths – 48", 60", 72", 84", 90", 120" and 144".

Fully welded and crafted out of heavy gauge steel.

Supports up to 25,000 lbs.

Riser shelves are available in steel (painted or stainless) or maple.

Mobility workstations let you bring the work environment to the job, instead of going back and forth to and from the workstation.

BUILD IT YOUR WAY

Workstations are available in five heights and can be configured with various options such as an open leg or panel leg, casters, steel or maple work surfaces, risers, drawers, and more. Available in standard colors of Dark Blue (DB), Red (RD), and Black (BK).
